CLERGY BEWARE

Some Denominations, Pastors & Ministries Are Under Criminal Investigation Now!

HOW DO YOU KNOW

- Do you think they would tell you if your Ministerial Credentials are invalid?
- You can't depend upon your denomination to help you during an IRS audit.

IRS AGENTS CAME TO HIS HOUSE!

► Bishop Jinwright And Wife Are Serving Jail Time

Bishop Anthony Jinwright, the 54-year-old Greater Salem Church Pastor who lived lavishly while his West Charlotte Church struggled to pay its bills, is serving eight years and nine months in federal prison for conspiracy and tax evasion. His wife and co-pastor, Harriet Jinwright, 51, is serving six years and eight months. The Jinwrights will serve three years probation upon their release and pay \$1.2 million to the federal government. *This case serves as a referendum on a historic and sacred institution — the African American Church. It also touched on another sensitive nerve — the growing visibility of wealthy pastors. – Source: <http://www.qcitymetro.com>

► Bishop William Ellis Convicted

Bishop William Ellis chose to supplement his salary by taking money directly from the Sunday collection without reporting it on his tax returns. “I bring it in, and I take it out.” Ellis also warned the Chairman of the Board “don’t muzzle the ox.” When a Deacon told him that his actions were wrong, Ellis responded, “That’s the way you take care of your Pastor?” Ellis also failed to include on his tax returns sundry other benefits, making personal credit card and life insurance payments with Church funds, and using the Church credit card for personal expenditures. The government indicted Ellis on five counts of willfully filing and subscribing a false income tax return. The district court sentenced him to 18 months imprisonment. – Source: <http://caselaw.findlaw.com>

Churches & Ministers Legal Section

CHURCHES MUST UNDERSTAND THE FOLLOWING AREAS

- How to have solid proven Bylaws that protect your Church. These need to be customized so that they meet exactly what each Church believes in their Tenets Of Faith and their Ecclesiastical Belief System.
- How to legally keep your 501(c)(3) after initial filing and your IRS Letter of Determination has been issued.
- How to open a Church Bank Account with authorized signatures so that liability is not placed upon the signers.
- How to obtain your 501(c)(3) IRS Letter of Determination. These complicated applications are now closely examined by the IRS, resulting in further research and investigations in some cases.
- While other firms regularly include inaccurate information on Church applications to gain the approval of the IRS, we do not. We achieve your 501(c)(3) status in an honest and timely manner.
- How to be legally incorporated within your state. It's also imperative that you understand why you need to become incorporated and how simple it is to achieve incorporation.
- How to protect your Board Members, Trustees, Elders, Deacons and the Pastor from lawsuits and the IRS taking money out of their personal bank account to pay penalties and fines because of the things they have voted for at the Church or Ministry.

When It Comes To Church Compliance And The IRS

*“It's Not What You Know
That Will Hurt You*

It's What You Don't Know!”

Ignorance Of The Law Is No Excuse

Do You Really Want Your Freedom To Be Determined By 12 Jurors?

Have you ever heard the old saying, “Board Members will be with you through thick and thin”? We have learned when it gets thick... Board Members thin out.

Board Member be careful... You will be responsible for what you vote for!

I am willing to help you...

The CMTC Conference Is Helping Thousands Of Pastors, Ministers & Evangelists Sleep Better At Night.

The CMTC Conference will cover topics that are absolutely necessary and critical to operate your Church or Ministry in a way that benefits the Church. Our job is to protect the Pastor and the Church from the U. S. Government. Now that the IRS is scrutinizing Churches, Pastors and Ministries like never before, this is the time to get your House of Worship in order.

It's Not What You Know That Will Hurt You... It's What You Don't Know!

Recently the United States Congress passed laws that now affect Churches & Nonprofits and put a watchful eye on the Churches by the IRS. The way they are doing this is through Obamacare. Obamacare allows IRS agents to examine certain components of your books and records. The code contains over 270 sections that pertain to Churches. All of them are very important. If you break one law you could be penalized **big bucks!**

The IRS Is Allowed To Give You Advice Over The Phone And Even If Their Advice Is Bad...They Are Not Responsible!

In a recent court case, David Michael Miser vs Commissioners, the court ruled, even if the IRS gives you bad advice, it's not binding on the IRS. Can you imagine what happens to your Board and Trustees if you rely on the IRS? **Don't ever call the IRS!** Call Dr. Michael Chitwood. We've been doing this for 75 years. We know what to do. We advise you to be careful who you listen to and make sure you ask them for their credentials.

GOD CANNOT BLESS A MESS!

Pastors, you may feel too intimidated to come forward, but I promise you we will work for you and make sure your books are right without getting you in trouble.

Fraudulent Tax Advice

ANY PERSON who willfully aids, assists, procures, counsels or advises the procreation or presentation of a materially false or fraudulent return, affidavit, claim, or other document is guilty of a felony.

According to the American Bar Association's own statistics, if you're an average Pastor you have a 37% chance of having a legal problem in the next 12 months. That's more than a 1 in 3 chance of you needing help.

Churches Must Report Evangelists' Offerings

FAILURE TO FILE proper IRS forms for offerings given to guest speakers, evangelists, professional singers, independent contractors, and others could make your Church liable for prosecution and fines of \$100,000 or more. One Church was fined \$16,000 for failure to issue 1099s and for failure to secure Social Security numbers for those individuals performing a service.

CHURCH TRUSTEES AND MEMBERS ARE SECRETLY TAPING MINISTERS

Ministers Beware

“Between January and July, two Church members wore wires to numerous meetings in an effort to tape the Pastor about misuse of funds. Some of the meetings were held alone and some included as many as seven members of the Board Of Trustees. In all the meetings, IRS violations were discussed.”

— **John Rast** CTL News

IRS Scandal Rocks Churches

“The IRS scandal is beginning to hurt Churches. Members are now requiring full accountability from their Church.” — **M. Plemons** Church Law Compliance

Church Treasurer Alert

“Recordings of Church meetings yielded evidence useful to the IRS agents about the misuse of Church funds, Pastor abuses, and certain facts pertaining to love offerings. The recordings have been sealed by the IRS awaiting a separate motion filed by the Church’s attorney. We will report any further data when available.” — **Jeff Warren** NCA
